Welcome to the Super-Secret Survival Guides, from the diary of Sam, age eight and three-quarters. Inside, you will find 'expert' advice from Sam on how to have the best possible holiday, including making friends (the hard way), making sure your adults don't relax too much and preparing for any disasters that can come your way. Although Sam seems to know what she is talking about, think twice before you take any of her advice. It may prove dangerous to your parents' or adults' mental health.
